

Tracés de figures

Regarde les figures puis trace un carré,
un triangle et un rectangle comme tu veux.

The grid contains three hand-drawn shapes:

- A blue square with side length 3 units, spanning from the 2nd to the 5th column and the 2nd to the 5th row.
- A green triangle with vertices at (2, 2), (4, 5), and (5, 2) in a coordinate system where (1,1) is the top-left dot.
- An orange rectangle with width 4 units and height 3 units, spanning from the 6th to the 10th column and the 2nd to the 5th row.

The rest of the grid is empty for practice.
